---
Screening OSY for English language proficiency can be challenging, but determining oral language ability allows MEP staff to formulate an individual educational plan for language learning. The GOSOSY Oral Language Screener has been used successfully with OSY throughout the consortium to quickly assess English language proficiency and immediately begin instruction.

The OSY Educational Outcomes Table, which assists in determining a student’s appropriate instructional quadrant, includes live links to resources.

The OSY Educational Resource Rubric, which lists every GOSOSY resource and material available via the GOSOSY website and other outside sources that have been vetted, includes live links to resources.

The Continuum of Services Tool, incorporating several different resources, provides a visual graphic of the OSY path through the Migrant Education Program Cycle.
MENTAL HEALTH LIFE SKILLS LESSONS

GOSOSY’s Mental Health Lessons have been developed to help normalize conversations with OSY around mental health and encourage access to help when someone needs it. Awareness is the key to offering support for mental health concerns. It is a way to begin conversations and make connections to enable the necessary interventions. Mental health diagnoses are always the role of professionals but we, as practitioners, may learn to see signs and symptoms of mental health concerns. The sooner people get to the right resources, the sooner interventions can happen. And the sooner interventions happen, the better the outcomes. There are five mental health lessons. Four of these lessons include audio enhancements (indicated by **). Each link includes the instructor guide on how to use the pocket guide, the lesson script, and the audio files in coordination with the lesson materials.

- Let’s Talk About Mental Health**
- Let’s Talk About Alcohol**
- Let’s Talk About Anxiety
- Let’s Talk About Depression**
- Let’s Talk About Stress**

LIFE SKILLS LESSONS

Life Skills Lessons are designed to be used as stand-alone lessons for any OSY in need of English language skills and/or basic life skills. Lessons include teaching plans, an introductory lesson, guided practice, useful vocabulary, dialogues, and pre- and post-assessments. The non-sequential format lends itself to the limited time and intermittent attendance of many students. A wide variety of lessons are available in English and Spanish in the following categories:

A HEALTHY HOUSE/ UN HOGAR SANO

A Healthy House lessons are intended to increase the awareness and knowledge of those maintaining a household regarding the topics of cleanliness and safety. Lessons are available in English and Spanish.

- Keeping Your Home Clean
- You Can Prevent Food Poisoning
- Keeping Your Home Safe: Electrical Safety
- Insect and Rodent Control: Keeping Them Out
- The Refrigerator and Your Health
- Storing Your Medicines Safely
FOR YOUR HEALTH/ PARA TU SALUD

*For Your Health/Para Tu Salud* lessons are designed to increase the health knowledge of migrant farmworkers through information about prevalent health concerns. Several of the lessons have accompanying audio enhancements.

[**Lessons with audio enhancements.**]

FINANZA TOOLBOX

The *Finanza* (Financial Education for Migrant Farmworker Students/Youth) lessons are designed to decrease the financial vulnerability of the migrant farmworker population and provide access to financial information to meet their unique needs. Migrant farmworker participants can learn about banking options in the U.S. and keeping their money safe.

PARENTING / SER PADRES

*Parenting/Ser Padres* lessons are geared to those who are already parents or who are parents-to-be and focus on the responsibilities of starting and nurturing a family.
LEGAL RIGHTS / DERECHOS LEGALES

Legal Rights/Derechos Legales lessons help migrant farmworkers learn about basic legal rights in the United States.

- Field Worker Rights
- My Basic Rights
- Right to be Paid
- Housing Rights

GENERAL LIFE SKILLS LESSONS – FYI SHEETS

FYI Sheets provide concise information on a variety of life skills and/or survival guidelines. Health, employment, legal rights, and other topical areas are addressed. The information in these lessons was revised with permission from the Farmworker Law Project of New York State and created by the Geneseo Migrant Center.

- Domestic Violence
- Earned Income Credit
- Workers’ Rights
- Heat Illness
- Housing
- Immigration Tips
- Job Discrimination
- Minimum Wage
- Pesticides
- Record Your Hours
- Social Security
- Unemployment
- Workers Compensation
GENERAL LIFE SKILLS LESSONS – BILINGUAL Clip SHEETS

Limited English proficiency profoundly hinders survival skills on many levels including awareness of and competing for adequate paying jobs, securing health and other services, finding housing, improving living standards, and communicating in daily life. To address this need, bilingual Clip Sheets were created.

ADDITIONAL BASIC LIFE SKILLS LESSONS

GOSOSY’s Basic Life Skills Lessons were created to address several basic skills needed for everyday living in the United States. Each lesson includes a pre- and post-assessment.

- Basic Calendar Skills
- Filling Out a Form
- Knowing Where You Live
- Voice Mail Systems
- Basic Map Skills
ACADEMIC/HIGH SCHOOL EQUIVALENCY/POST-SECONDARY LESSONS

GOSOSY’s Academic Lessons are designed to address the basic educational needs of out-of-school youth. Most lessons are available in both English and Spanish and include practice sheets and assessments. The educational attainment among OSY ranges from elementary to high school education, both in the U.S. and other countries. As a result, academic needs of OSY vary from learning basic reading and math skills, to reinforcement of higher-level skills and knowledge needed for pursuit of a HSED, to preparing for college or other post-secondary options. GOSOSY has a wide variety of materials and resources that can address these diverse needs. Most lessons are available in both English and Spanish and include practice sheets and assessments.

PREPARING FOR COLLEGE

Preparation for College is designed to help students begin to think about and prepare for post-secondary studies. Divided into 14 lessons, it takes students from considering the benefits of a college education and career choice to paying for college, selecting a college, planning college visits, writing a college essay and résumé, preparing a college application, and being ready for a college interview. The lessons include helpful web links and activities as well as useful vocabulary words. Students are encouraged to keep journals and notes they progress through the lessons, highlighting questions for a teacher or mentor or for students’ further research. A unit test as well as a narrated PowerPoint for use by both instructors and students is also available.

MATH ON THE MOVE

Math on the Move is a series of 24 pre-HSED math lessons geared to OSY. They are designed to be used as stand-alone segments to address particular skill areas, although each builds upon assumed knowledge addressed in prior lessons. The materials, in both English and Spanish, are not copyrighted and may be reproduced without permission.
Math for Living includes 10 stand-alone lessons in English and Spanish designed to reinforce basic math skills while teaching practical concepts. The non-sequential, middle-school level lessons improve financial literacy and life skills with examples, practice problems, and vocabulary relating to work, smart shopping, and budgets, as well as information on obtaining resources for college.

- Advertisement and Specials
- Comparing Prices and Finding the Best Buy
- Creating and Using a Budget
- Evaluating Jobs Based on Wage
- Income and Expenses
- Layaway
- Paying for College
- Payroll Deductions and Earnings Statements
- Sales, Discounts and Rebates
- Withholding Allowances

Reading on the Move is a series of 24 stand-alone lessons written at a 3rd – 5th grade reading level, created to introduce or strengthen basic reading skills for OSY. Included in the lessons are basic study skills and practice using reference materials. An assessment is provided for each lesson.

ACADEMIC CAREER AND READINESS SKILLS (ACReS)

The objective of ACReS is to engage OSY in an academic course for developing or improving both the critical thinking and life skills that will allow them to be successful in a formal educational environment or advance in their careers. Lessons are written at a 4th-grade reading level with consideration given to non-native English speakers. Materials have proven very helpful for youth considering re-entry into the education system and/or preparing for HSED tests.

ENGLISH LANGUAGE LEARNER (ELL) RESOURCES

GOSOSY has collected several resources for practitioners to use with English Language Learners. Many of the following resources have audio enhancement files to accompany the lessons.

ENGLISH FOR DAILY LIFE

These easy-to-use, interactive English lessons are designed to use with OSY on the go. Five lessons may be translated into any language by using the embedded tool found at the top of every page. The lessons include audio and video enhancements and built-in quizzes for students to check their own understanding. Ideally, the lessons would be introduced by an instructor, helping students navigate the lesson and highlighting its many features. Students can then continue learning along with the instructor or on his/her own, as their work schedules and other responsibilities permit.

- Emergencies
- Banking and Numbers
- Your Health
- Car Parts and Insurance
- In Your Community
KEY STRATEGIES FOR INSTRUCTORS TEACHING ENGLISH TO OSY

This five-page document full of valuable tips for working with English Language Learners. These key strategies range from how to reach learners with varying native languages, to how to connect and build rapport with students in order to increase their comfort as they learn English, and techniques for working with adult and English learners.

ONLINE ESL RESOURCES RUBRIC

The Online ESL Resources Rubric highlights several online ESL curricula or materials that are appropriate for use with OSY. This table, which includes live links, assists service providers in making decisions about the best use of these online materials.

DEPARTMENT OF EDUCATION ELL / EL FAMILY TOOLKIT

The U.S. Department of Education ELL Toolkit covers a variety of topics and resources related to ELL instruction including defining legal obligations to English Learners under civil rights laws. The EL Family Toolkit was created to help families choose education services that meet their child’s needs.

ENGLISH FOR WORKING AND LIVING

The English for Working and Living Curriculum Workbook and Teacher Guide may be freely distributed without permission. Lessons are designed for a novice to intermediate English speaker and contain useful information and vocabulary relevant to day-to-day living.

PROBLEM-POSING ESL FOR MIGRANT FARM WORKERS

Problem Posing ESL for Migrant Farm Workers addresses the need for ESL materials relevant to farmworkers’ experiences and day-to-day problems. The dialogues use problem-posing ESL strategies and may be reproduced without permission.

DIRECTORY OF ELL RESOURCES

The GOSOSY-created Directory of ELL Resources is a catalog with live links to help migrant education program staff become familiar with many different valuable online resources that can be used in ELL classes.
VARIOUS ELL CURRICULA AND ACCOMPANYING AUDIO ENHANCEMENTS

Several GOSOSY states and partner agencies have shared their ELL curricula and audio enhancements via the GOSOSY website.

- Living in America – Curriculum Resources and Audio Files
- Español/Inglés Nivel 1 (Spanish/English Level 1)
- Español/Inglés Nivel 1 (Spanish/English Level 2)
- Ingles de Sobrevivencia 1 (Survival English 1)
- Ingles de Sobrevivencia 2 (Survival English 2)

TECHNOLOGY RESOURCES

GOSOSY offers links to the Living in America plans and audio files.

- Navigating the Community / Navegando en la Comunidad – Lessons A & B
- Understanding Families / Entendiendo a las Familias – Lessons A & B
- Uso de Teléfono / Using the Telephone – Lessons A & B
GOAL SETTING RESOURCES FOR OSY

GOSOSY created Goal Setting materials to give service providers and students a platform to discuss the importance of setting goals and the tools to get there. Those working many years in migrant education noticed that students - OSY in particular - are often confused when asked about their goals. Many have never had the opportunity to really think about what they would like to accomplish in their lives, academically or otherwise. Provider and Student Learning Plans are available as well as a PowerPoint presentation for training practitioners. All activities included in the guides are also available as downloadable PDFs on the website.

INSTRUCTOR GUIDE

How Will You Grow? Setting Goals with OSY assists service providers to prepare for a discussion about goals with the students. The guide helps to explain the difference between a vision and a goal; how short- and medium-term goals are necessary in order to accomplish a long-term goal; why visual reminders are important to have during the process; how a growth mindset affects the entire process; plus many other tools and resources. The book is broken into three chapters for use depending upon the setting - one-on-one, group, and virtual.

STUDENT GOAL BOOK (ENGLISH / SPANISH)

The Student Goal Book can be given to each student to be personalized with his/her notes, exercises, and memories. This tool is aligned with the Instructor Guide so that service providers and students may work alongside each other in a step-by-step way. The Student Goal Book is available in both English and Spanish versions.

GOAL SETTING RUBRIC

The Goal Setting Rubric is used as a road map to record the instructor's overall impression that the student is grasping the purpose and practice of setting goals. The final score determined by using the rubric is an important data point needed to achieve GOSOSY's objective to have OSY attain acceptable average scores (at least 8 points) on the rubric.
PROFESSIONAL DEVELOPMENT RESOURCES

GOSOSY has created professional development resources for service providers. These interactive resources introduce helpful instructional strategies to staff new to working with out-of-school youth (OSY) and assist seasoned staff to hone their skills and review best practices.

OSY INSTRUCTIONAL ACTION PLAN

Module 1 presents the OSY Instructional Action Plan focusing on four steps:
1. Create an Effective Learning Environment
2. Building Rapport
3. Transition to Instruction
4. Young Adult Learning Strategies

USING DIFFERENTIATION STRATEGIES WHEN WORKING WITH VARIOUS LEARNING STYLES

This PowerPoint presentation includes valuable information about providing effective academic support when working with students who have varying levels of skill and different learning styles. Participants discover how to teach the same material to different students in the most appropriate ways to facilitate effective learning.

ONE-ON-ONE AND SMALL GROUP INSTRUCTION

This PowerPoint presentation includes multiple teaching strategies to use in both one-on-one and small group learning settings. The tips include a list of questions to consider before instruction begins, as well as a side-by-side comparison of the different settings. Participants learn to teach confidently in either setting while drawing on best practices from both experiences.

ACES IN THE MIGRANT STUDENT POPULATION

GOSOSY created the Literature Review, *Understanding the Impact of Adverse Childhood Experiences (ACES) in of Migrant Student Populations*, in order to illuminate this important issue in the lives of OSY. Chapter slides were created to simplify the message for practitioners, students and families, and other interested parties.
IDENTIFICATION & RECRUITMENT RESOURCES

GOSOSY worked in collaboration with the Identification and Recruitment Rapid Response Consortium (IRRC) to create resources to assist with recruiter training and professional development.

GOSOSY ID&R MANUAL

The GOSOSY ID&R Manual (Field-Based Identification & Recruitment of Out-of-School Youth) was created to help recruiters new to the field review strategies and tips for working with this population, including how to recruit OSY, what questions should be asked, and activities that can be useful in the field. The activities in the module may be used separately, based on the experience level of participants in training.

INTRODUCTION TO MAPPING WITH GOOGLE PLATFORMS

This presentation was developed by South Carolina MEP staff to assist states in their efforts to create effective mapping systems to pinpoint possible places to recruit as well as a way to document needed follow-up efforts.

ID&R TIPS FOR RECRUITING OSY

ID&R Tips for Recruiting OSY is a compilation of proven strategies that work when identifying and recruiting secondary-aged out-of-school youth. They were developed by recruiters who have been successfully using these strategies for many years.
