**P**lan your transportation

**T**o get and keep a job you must have a way to get to work. Your transportation should allow you to pick up applications and go to interviews. It must also get you to work every day and on time.

**T**hink about how you can get to a job. A car, a bus, ride with someone else, or walk? You must be able to use your transportation whenever you need to get to work.

**L**ook for jobs only at places you can get to with your transportation. If you must walk, you will look for jobs close by. If you have a car, you can look for a job much further away.

**D**o not think that you can look for a job and then plan your transportation. Plan it now! Then you will be ready when you find a job. ■

**M**ake a list of the ways you have to get to a job:
